Negotiations continue and further discussion is still required for approximately 30 of your claims.

As reported in Bulletin 4 the 'Wage Policy' remains, which will see a freeze to your wages and allowances (except for Determination 1 allowances).

The employer has provided the costings for your claims, which includes all claims for wage increases, allowances etc, the approximate cost over 3 years would be \$184,925,445.48

As the negotiations are still continuing a new schedule of future meetings has been provided, with a new date for the 'Employers offer' now scheduled for the 14<sup>th</sup> September (originally 3<sup>rd</sup> August) 2022. This date may change if we complete negotiations earlier or if it is delayed.

ANMF NT members will be notified when the 'Employers offer' has been tabled. The ANMF NT office will send out a survey to all ANMF NT members for your consideration to accept the offer or not.

ANMF NT ask members to read the Protected Industrial Action (PIA) information sheet, to familiarise yourself, for any potential action required.

## Retain, Recruit, Respect

ANMF NT office will provide updates as the meetings progress, future bulletins will be emailed directly to members and also available on the ANMF NT website [www.anmfnt.org.au](http://www.anmfnt.org.au) in the **members'** section.
